LEARNING OBJECTIVES

- **Child and Adolescent Neurology and Psichiatria**

Knowing the basics of mental illness with early onset in childhood and adolescence and their course in adulthood.

COURSE STRUCTURE

- **Child and Adolescent Neurology and Psichiatria**

Lessons and internship. Should teaching be carried out in mixed mode or remotely, it may be necessary to introduce changes with respect to previous statements, in line with the programme planned and outlined in the syllabus. Learning assessment may also be carried out on line, should the conditions require it.
