LEARNING OBJECTIVES

▪ SOGGETTI, RAPPORTI GIURIDICI E AUTONOMIA PRIVATA

The aim of the course is to promote students' knowledge and understanding of contemporary legal concepts and rules of law from a historical perspective, and to aid students in developing skills in legal analysis. The course is concerned with the Italian and EU regulation of the relations between individuals or organizations.

▪ DIRITTI REALI E RESPONSABILITÀ CIVILE

The course aims to provide an introduction to the phenomenon of legal development and the relationship of law and society. The course is concerned with ownership and property interests, contractual liability and tort law.
