LEARNING OBJECTIVES

The French Language Course aims at gaining and improving communicative skills in French as Foreign Language, at acquiring the matching grammar structures, in order to achieve a good know how in the field of tourism, with regards to both oral and written skills. The required level of language competence is Level B1, according to the European Framework of Reference.

DETAILED COURSE CONTENT

Activities based on language functions and structures concerning the field of tourism, comprehension and didactic use of authentic material are planned together with some related lab activities. The indepth course schedules the testing of French travel websites, in order to set students out to do a power point presentation on tourism and travels.
