

TIROCINIO PROFESSIONALIZZANTE - channel 1

5 CFU - 1° Semester

Teaching Staff

ALDO EUGENIO CALOGERO - Module TIROCINIO PROFESSIONALIZZANTE MALATTIE DEL SISTEMA ENDOCRINO - MED/13 - 1 CFU

Email: acaloger@unict.it

Office: Policlinico "G. Rodolico", Edificio 4, Piano 2

Phone: 095-3782641

Office Hours: Per appuntamento

BRUNO SANTI CACOPARDO - Module TIROCINIO PROFESSIONALIZZANTE MALATTIE INFETTIVE - MED/17 - 1 CFU

Email: cacopard@unict.it

Office: Palazzina H, P.O. Garibaldi Nesima

Phone: 0957598650

Office Hours: lun-ven, ore 11-12, salvo impegni assistenziali

ROBERTO CATANZARO - Module Professionalising training of Gastroenterology - MED/12 - 1 CFU

Email: rcatanza@unict.it

Office: Presidio Ospedaliero Policlinico "G. Rodolico" di Catania-Edificio 4 - 1°Piano - Via S. Sofia, 78 - 95123 CATANIA

Phone: 095-3782902

Office Hours: Giovedì: dalle ore 10.00 alle ore 12.00.

MASSIMO MOTTA - Module TIROCINIO PROFESSIONALIZZANTE MEDICINA INTERNA - MED/09 - 1 CFU

Email: mottam@unict.it

Office: via a. da messina 829 Azienda ospedaliera Cannizzaro

Phone: 0957264727

Office Hours: 12.30 13.30 (presso Medicina Interna)

GIUSEPPE APRILE - Module TIROCINIO PROFESSIONALIZZANTE CHIRURGIA GENERALE - MED/18 - 1 CFU

LEARNING OBJECTIVES

▪ TIROCINIO PROFESSIONALIZZANTE MALATTIE INFETTIVE

The aims are:

- Extended knowledge of the most important Infectious Diseases viral, bacterial, fungal, protozoan on a aetiopathogenic basis

- Organization of a diagnostic pathway on a clinical, instrumental, laboratory basis

- Knowledge of therapeutic aspects of Infectious diseases drugs with main reference to antibiotics management

- **Professionalising training of Gastroenterology**
Professionalising training must develop the theoretical-practical knowledge and skills related to the care activity in the field of Digestive, Liver, Biliary-Pancreatic and Nutrition Diseases and their implications in terms of instrumental diagnostic, clinical and medical therapy. The clinical methodology and the pharmacological and instrumental therapy of diseases of the digestive system, of the liver, of the biliary tract and of the pancreas are specific areas of expertise.

COURSE STRUCTURE

- **Professionalising training of Gastroenterology**
Choice of the gastroenterological clinical case present in the inpatient ward; analysis and discussion regarding laboratory parameters and any instrumental tests performed during hospitalization, useful for the diagnosis formulation; physical examination of the patient with application of the main semeiological maneuvers; a brief oral presentation of what was noticed during the physical examination of the patient by the student; reasoned proposals for continuation of the investigations; proposals for medical and pharmacological therapy.

DETAILED COURSE CONTENT

- **TIROCINIO PROFESSIONALIZZANTE MALATTIE INFETTIVE**
 Basic elements of clinical microbiology and pathogenesis of infectious diseases (direct or immune mediated mechanisms), geographic and social impact, modes of transmission, clinical features, diagnostic and therapeutic pathways .

- **Professionalising training of Gastroenterology**
The Professionalising Traineeship of Gastroenterology will provide the student with a practical and up-to-date summary of the main diseases of the digestive tract, liver, biliary tract and pancreas related to their etiology, pathogenesis, symptomatology, diagnosis and simple knowledge of drug therapy. Professionalising training also aims to initiate a process of critical maturation of the knowledge of diagnostic options applicable to diseases of gastroenterological relevance.
